INVESTMENT REPORT – AUGUST 2011

The attached report shows cash and investment holdings of the District at August 31, 2011. The VRSD Investment Policy requires that the report be transmitted to the Board within 30 days after the close of the month. The portfolio totals \$38.4 million at cost, an increase from \$37.9 million at the end of August 2011.

Union Bank of California, who serves as the custodian, provides the market value shown for all U.S. Government securities. During the month of August, interest earnings for all investments were accrued in the amount of \$43,956. Fiscal year to date, \$88,334 has been earned. It should be noted that effective December 2006, the unrealized gain or loss on investments will no longer be recorded as income on a monthly basis. Recording it monthly skews the amount of interest reported since it could be at a loss one month and a gain the very next month and is not an actual gain or loss unless the government securities shown in Section D of the report are sold prior to their maturity date. It will be recorded at June 30, 2012, as required by governmental accounting standards.

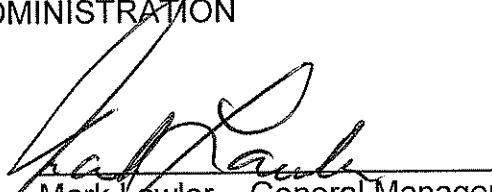

The District investment holdings are in compliance with the investment policy approved by the Board of Directors on June 17, 2010. The portfolio has been managed with the stated objectives of safety, liquidity and earning a competitive rate of return. The investment program shown herein provides sufficient cash flow liquidity to meet the District's expense obligations for the next six months.

Please contact me at vickiedragan@vrsd.com or 658-4646 if you have any questions.
