Board of Directors
Ventura Regional Sanitation District
Ventura, California

APPROVE, AND AUTHORIZE THE BOARD CHAIR TO SIGN, PROPOSED CONTRACT NO. 19-012 WITH BIOGAS ENGINEERING, INC., FOR LANDFILL GAS ENGINEERING SERVICES AT THE TOLAND ROAD LANDFILL AND CLOSED LANDFILL SITES

RECOMMENDATION

Approve, and authorize the Board Chair to sign, proposed Contract No. 19-012 with Biogas Engineering, Inc., for landfill gas engineering services in an amount not to exceed \$225,000 in FY2019-20.

FISCAL IMPACT

The funding for this contract is included in the adopted FY2019-20 District budget under account codes 90-490-52074-499921 (\$125,000), 25-401-52074-400300 (\$40,000), 25-451-52074-400802 (\$20,000), 25-451-52074-40082 (\$15,000), and 25-452-52074-400800 (\$25,000).

BACKGROUND/ANALYSIS

In May 2017, the District selected Biogas Engineering to provide landfill gas engineering services pursuant to the District's formal consultant selection procedures outlined in VRSD Resolution 89-13. The District interviewed several candidates with significant experience with landfill gas consulting within the Southern California region. The panel determined that Biogas Engineering, Inc. was best suited to provide these services for the District. The principal engineer, Gautam Arora, has provided these services in the past at Toland and the closed sites in Oxnard. This provides the firm with and in-depth knowledge of the complexities of the District's gas collection systems.

In FY2018-19, Biogas Engineering has partnered with the District's operation staff to develop and improve the LFG collection systems at District landfill sites. They took the lead on the design, development, construction oversight, and field engineering of the leachate treatment and condensate flare systems at the Toland Road Landfill.

PROPOSAL

The District desires to streamline contract processing in the future. To this end, staff has written the contract to minimize administrative burden and cost to achieve this goal. Going forward, staff would request additional funding annually by including the associated costs within each fiscal year's proposed budget. Additionally, the contract contains language indicating extension is contingent upon approval of future year funding. This leaves the fiscal control in the hands of the VRSD Board but at the same time minimizes the administrative burden and cost to VRSD to extend the contract.

For FY2019-20, VRSD staff would like to retain Biogas Engineering, Inc. for the following areas of work:

- (1) Design, development, and construction oversight of new vertical and horizontal gas wells at Toland Road Landfill; and
- (2) Continuation of master planning for expanding LFG collection system; and
- (3) Design, development, and permitting of a new flare stack to be installed at the Toland Road Landfill during FY2020-21; and
- (4) Provide ongoing LFG engineering support at the Toland Road Landfill and closed landfill sites.

This letter and the associated contract have been reviewed by Legal Counsel as to form.

In these situations, District agrees to pay CONSULTANT for Services and Deliverables and certain of its costs in accordance with the terms of Exhibit A to the Agreement. Any obligation to pay by District will not extend beyond the end of District's then-current funding period, except as otherwise provided herein.

Any termination or any special instructions hereunder from DISTRICT shall be made in writing. In the event of such termination, CONSULTANT shall have the right to expend additional time (not to exceed 10% of the total fees payable under this Agreement) to assemble the work in progress for the purpose of proper filing and closing the job. Such additional time shall not increase CONSULTANT's total compensation beyond the maximum stated in Article 5.

CONSULTANT agrees to defend, indemnify and hold harmless DISTRICT and its officers, agents and employees, from and against any and all liability, damages, costs, losses, claims and expenses, however caused, resulting directly or indirectly from or connected with CONSULTANT's negligent performance of this Agreement (including, but not limited to such liability, cost, damage, loss, claim or expense arising from the death of or injury to, or damage to property of CONSULTANT, DISTRICT, or their respective employees or agents), except to the extent that such liability, damages, costs, losses, claims or expenses are caused by the negligent or wrongful acts or omissions of DISTRICT or any of its agents or employees.
